

On-Course Junior Golf Program

This On-Course program will help you play better on the golf course while enjoying the game.

2014 Winter/Spring Junior Program All Sessions Are Conducted On The Golf Course

VISION54 has developed a cutting edge On-Course golf program that welcomes juniors from ages 10 to 18 and is conducted at Scottsdale area golf courses.

What makes this junior program unique is that it's conducted on the course in actual playing conditions.

Exposing juniors to Essential Playing Skills on the golf course allows them to learn solid golf fundamentals along with very

specific mental, emotional and social skills required to shoot lower scores and enjoy the game more.

The cost is \$100.00 for every 9 hole On-Course session or 5 sessions for \$400.00

This includes coaching at a 4 to 1 student teacher ratio, green fees and range balls.
