

Dymo LabelWriter Setup Instructions for WSGA Handicap Labels

- In Firefox, go to File and Page Setup.
- In the Format and Options tab, select Landscape and Shrink to fit Page Width.
- In the Margins & Header/Footer tab, set all margins to 0 and all headers and footers to blank.
- Click OK to save.

- While in the Label screen in the kiosk, click on the Print button.
- Select the Dymo LabelWriter as the printer.
- Click on Properties.
- In the Layout tab, select Landscape, Front to Back, and 1 Page per Sheet.
- Also in the layout tab, click on the Advanced button.
- Select the Paper Size for the handicap label (30324 Diskette).
- Click OK.
