EXHIBIT B - ADMINISTRATION AND INTERPRETATION OF THE MINNESOTA PGA PACE OF PLAY POLICY

Speed of play at each section event, conforming event, invitational, and approved special event will be monitored by a speed of play official designated by the tournament administrator. This official will monitor the speed of play as set forth in this exhibit. Specific timing regulations will be set by the Tournament Committee.

The first group to start will be considered out of position if, at any point in the round, the group is taking more than the allotted time to play each hole as established by the Committee. Any following group will be considered out of position if they: (a) exceed the allotted time to play each hole and (b) reach the tee of a par 3 hole that is open and free of play, or fail to clear the tee of a par 4 hole or a par 5 hole before that hole is open and free of play.

Any group not in position will be notified that they are out of position and will be subject to individual timing. Any such group may be monitored, i.e., the time each competitor takes to play each stroke will be recorded. Any competitor in a group out of position taking more than 45 seconds to play a stroke will receive a one (1) stroke penalty under Rule 6-7. If the player exceeds the time limit a second time, he/she will receive a two (2) stroke penalty. Any subsequent offense will result in disqualification. When the competitor is the first in his/her group to play a stroke from the teeing ground on a par 3 hole; the first to play a second stroke on a par 4 or par 5 hole; the first to play a third stroke on a par 5 hole; the first to play a stroke around the putting green; or the first to play a stroke on the putting green, he/she will be allowed up to 55 seconds to play that stroke.

The timing of a competitor's stroke will begin when he/she has had a reasonable opportunity to reach his/her ball, it is his/her turn to play, and he/she could play without interference by another player or another ball.

On the putting green, the timing will begin after the competitor has been allowed a reasonable amount of time to lift, clean his/her ball, repair his/her ball mark and other ball marks on their line of putt and remove loose impediments on the line of the putt. Time spent looking at the line from beyond the hole and/or behind the ball will count as time taken for that stroke.

Times in excess of 45/55 seconds are cumulative once a group is back in position. A player's bad times are not erased. If a player, who is out of position, has one bad time and then regains his/her position, he/she is subject to penalty for the next bad time if his/her group again loses position. Undue delay may occur between strokes. Accordingly, a competitor may be subject to penalty under Rule 6-7, even if he/she plays each of his/her strokes in less than the time allowed.
