Members and Fellow Professionals of the Southern Texas PGA,

I am announcing my intention to run for the At-Large position of the STPGA Board of Directors. I have been a dedicated member of this section since 1994, and a PGA Member since 2002. I believe my passion to work and advocate for the STPGA member is one of my strongest qualities.

I am the current Director for the Parks and Recreation Department for the City of New Braunfels. After serving as the Director of Golf Operations at Landa Park Golf Course for over 17 years, my passion to provide exceptional customer experiences remains my highest priority. Although my customer base is now much broader, that goal is still the same. I believe one of our goals with the STPGA is taking care of you, our members, and associates. Building great relationships, fostering education, mentoring, and growing the next generation is key to long-term successes.

I have served at the Western Chapter Vice-President and President from 2017-2020 and currently serve as the STPGA Chair of the Tournament Committee. I was fortunate to be awarded the Bill Strausbaugh Award in 2019 and still believe the criteria of integrity, a commitment to mentoring fellow professionals to improve their employment situations and involvement in community activities remains my goal both in my daily job and now this run for the Board. I want to continue to serve you all.

Thank you for the consideration of my candidacy. I look forward to working for you and respectfully ask for your vote.

Chad Donegan, PGA
