- **Removal, Replacement, or Attending of the Flagstick**
 - Players nor caddies will touch the flagstick, **ONLY** the GA.
 - Flagsticks and the hole will not have any apparatus (noodle) in the bottom of the cup; a traditional set up will be in play.
- **Score Entry**
 - Take scores from the players as they exit the green in order to provide hole-by-hole scoring for the championship.
 - GA's will download the scoring app to their smart phone (COGF staff will assist with downloading and training).
 - A scoring sheet will be provided to keep track of the scores.
 - Scores will be entered via the app before the next group reaches the green.
- **Pace of Play**
 - GA's will keep track of times and record them on the scoresheet in order to document pace of play.
- **Rules Questions**
 - GA's are **NOT** Rules Officials. There will be Rules Officials in different zones on the golf course. If it appears a player may need a rules official, we encourage the GA to call for one on the rules channel. This will also help pace of play.
