2:30 PM

Conclude

Remember to use your 10% off (non-price protected items) coupon.

FREE COLLEGE GOLF COUNSELLING

College golf is a great avenue to expand horizons and add an additional dimension to the learning experience. We (the JGAC) will assist any player in fulfilling their goals of taking their game to the next level. However, parents and players alike need to be realistic in their goals of playing on the collegiate level. Our job is to advise those eager to take that next competitive step, no matter their true gifts on the course.

What can the JGAC do for you?

The JGAC staff has close to 100 years of combined experience in this field! We will help you develop a plan to navigate the college process at no cost. This includes creating a strategy to contact coaches by creating cover letter and emails, resumes and reviewing how to make swing video. The most important part, **this is free!** We have a large database of examples to review with you and we are happy to meet with you to do it!
