#### **Distance Measuring Devices**

For play in Open Qualifying, a player may obtain distance information by use of a distance-measuring device. If during the stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect his play (e.g. elevation changes, wind speed, etc.), the player is in breach of Rule 4.3a(1).

#### **Guidance on Use of Cell Phones During Round**

When allowed, the following general uses of cell phones by players and caddies during a round are allowed: checking the leaderboard in the tournament, use as a compass, getting distance information by using as an electronic distance-measuring device, getting any type of weather information (including wind speed) that is available from weather forecasts, measuring temperature and humidity at the course. A Notice to Players on what is allowed and not allowed will be provided to the players by the Section.

#### **Groove Specifications**

Open Qualifying contestants **MUST** use equipment which conforms to the Local Rule for Groove and Punch Mark Specifications as implemented in the PGA TOUR, PGA TOUR Champions and Korn Ferry Tour Local Rules and Terms of the Competition (Hard Card). This condition shall **NOT** apply to Pre-Qualifying. The complete specifications for grooves in elite competitions along with a public database listing conformity of many clubs can be found at [USGA.org](http://USGA.org) (click on Playing > Equipment > Club & Ball Lists > Informational Club Database) or by contacting the USGA Equipment Standards Department at (908) 234-2300. Players should confirm that their equipment conforms to the new specifications well in advance of the competition and should be aware that conforming equipment must be used in Open Qualifying, even if a player is successful in pre-qualifying with non-conforming grooves.

If, before the competition, a player has doubt as to the conformity of a club, PGA Section officials will attempt to determine the status of the club(s), but play will not be delayed in doing so. There will be no on-site field testing for groove conformity at Open Qualifying. If the club(s) in question is not listed on the public databases listing conformity of clubs, the club shall not be used in the competition.

In the event that it is discovered that a player's club(s) do not conform after the close of the competition, the provisions of Rule 20 of the Rules of Golf shall apply.

#### **Pace of Play**

In the event the competition is canceled after play has begun, all entry fees will be refunded, minus a \$25 administrative charge per player.

If in the judgment of the on-site PGA TOUR Tournament Official, whose decision shall be final, conditions render commencement or continuation of tournament play inadvisable, play shall be postponed until such time as the PGA TOUR Tournament Official determines that such weather conditions or other occurrences or conditions have improved sufficiently for play to commence or resume.

In situations involving adverse weather conditions or any other occurrence or condition, our first priority is the completion of the qualifying competition. Every effort will be made to achieve this objective by the end of the scheduled competition day.

In the event the qualifying competition cannot be completed by the end of the scheduled competitive day, play will be extended. Every effort will be made to complete the qualifying competition as soon as possible. The Open Qualifying competition will not continue beyond the end of the day immediately preceding the first scheduled tournament round of the competition. In the event one or more of the 18-hole Open Qualifying contestants cannot be identified, those qualifying spots will be filled by the next available players on the PGA TOUR Alternate List.

PGA TOUR Reserves the right to change the format, venue(s), qualifying spots and other criteria as presently contemplated.
